Update on matters arising from last meeting:

1. Dog

The Parent Council said there had been no further concerns raised over dogs being tied up by the school gates.

New Matters arising:

1. Class 1 and 2 Trip

Parents had commented on how much the children had enjoyed their trip to Sutton Courtney.

2. Parents Evening

One or two parents had made comments about how difficult it is when teachers over run considerably with parent discussion appointments.

Mr Smith appreciated this comment and the fact that some parents had to wait for a considerable time for their appointment. The school will aim to address this for the next parents evening.

3. Creche at Class Assemblies

Those parents who had used this facility were very grateful of being able to leave their younger siblings with someone to enjoy an assembly. A suggestion was that parents would like this opportunity to continue at events.

Mr Smith said that parents had appreciated the facility but it did rely on parents volunteering and we needed more parents to help out at each assembly. Mr Smith said he would asked for volunteers before each assembly next term.
